Organizative Competence

She has been developing teaching competencies in the field of Nursing since 1989, in both entry-level and post-graduate courses, in health care facilities and in Universities. She has been teaching nursing research methodology, nursing management and clinical nursing. Currently, she is the Director of the post-bachelor course in Nursing Management (University of Milan), as well as the referent for the Erasmus exchanges in the field of Nursing.
She is a member of various Committees of the San Paolo teaching hospital in Milan (Ethical Committee since 2002, Risk Management Committee since 2008, Scientific Committee for the Regional Accreditation Project since 2005).

Research Activity

As a professor of Nursing, she coordinates or is a member of several research groups in the field of the educational needs of non-graduated caring personnel, quality evaluation, staff management and risk management. She has published several articles in Italian, English and French. She is a referee of the Journal of Public Health Research, as well as a co-author of 6 books regarding Nursing Management. She has been a presenter or a chairman in national or international congresses.
