

TO MAGNIFICO RETTORE OF UNIVERSITA' DEGLI STUDI DI MILANO

HANH HAN QUANG

CURRICULUM VITAE

PERSONAL INFORMATION

Surname	HAN
Name	QUANG HANH
Date of birth	13/04/1982

PRESENT OCCUPATION

Appointment	Structure
University Lecturer	Vietnam National University of Agriculture, Hanoi, Vietnam

EDUCATION AND TRAINING

Degree	Course of studies	University	year of achievement of the degree
University Degree	Bachelor degree on Animal Science and Veterinary Medicine	Hanoi Agricultural University No.1 (Now is Vietnam National University of Agriculture, Vietnam)	2004
Specialization	-	-	-
PhD	Doctor of Physiology on Agricultural Science and Biological Engineering	Gembloux Agro-Bio Tech, University of Liege (Belgium)	2013
Master	Master of Agriculture	Hanoi University of Agriculture (Now is Vietnam National University of Agriculture, Vietnam)	2008
Degree of medical specialization	-	-	-
Degree of European specialization	-	-	-

Other	-	-	-
-------	---	---	---

REGISTRATION IN PROFESSIONAL ASSOCIATIONS

Date of registration	Association	City

FOREIGN LANGUAGES

Languages	level of knowledge
English	Good
French	Basic

AWARDS, ACKNOWLEDGEMENTS, SCHOLARSHIPS

Year	Description of award
2009	PhD scholarship funded by Vietnamese government

TRAINING OR RESEARCH ACTIVITY

I. Training

1. Short training course on "Poultry nutrition and feeding", organized by Central Poultry Development Organization & Training Institute, India, from 5/2/2017 to 17/3/2018
2. Short training course on « Animal Production and Health », organized by Egyptian International Centre for Agriculture, Egypt, from 1/10/2016 to 15/12/2016
3. Short training course on "On-farm welfare assessment training (Laying hens and broiler chickens, Sows, Dairy cattle)" by Odisee and the Institute for Agricultural and Fisheries Research (ILVO), Belgium, from 23/2/2015 to 7/3/2015
4. Short training course on "Bases de donne et analyse statistique" (Databases and statistical analysis) taught by Prof. Frederic Farnir, The university of Liege, from 26/3/2012 to 30/3/2012 at Hanoi University of Agriculture, Vietnam
5. Short training course on "Vugarisation scientifique en milieu rural: Principes et edtudes de cas" (Scientific transfer to rural: Principles and Case Studies) taught by Prof. Vu Dinh Ton and Prof. Do Kim Chung, Hanoi University of Agriculture, from 19/3/2012 to 23/3/2012 at Hanoi University of Agriculture, Vietnam
6. Short training course on "Communication Scientifique orale et ecrite" (Oral and written scientific communication) taught by Prof. Francois Verheggen, The university of Liege, from 13/3/2012 to 16/3/2012 at Hanoi University of Agriculture, Vietnam
7. Short training course on "Analyse systemes et modelisation" (Systems Analysis and Modeling) taught

by Prof. Hanert Emmanuel Andre Marie, The University of Louvain and Prof. Vu Dinh Ton, Hanoi University of Agriculture from 27/2/2012 to 9/3/2012 at Hanoi University of Agriculture, Vietnam

8. Short training course on “Genetique des populations appliquee a la conservation de la biodiversite” (Population Genetics application on biodiversity conservation) taught by Prof. Philippe Baret, The Universite Catholique de Louvain from 15/5/2008 to 21/5/2008 at Hanoi University of Agriculture, Vietnam

9. Six courses on Rural economics and Sociology (Methodology of Rural Economic Research, Statistical Methods, Farming System, Land Issues, International Economics, Rural Sociology) in the **International Master program in Rural Economics and Sociology, organized at Hanoi University of Agriculture from 2009-2010**

II. Summer courses

1. Summer course on program about” Livestock - A driving force for Food Security and Sustainable Development organized by Faculty of Animal Science, University of Gadjah Mada, Indonesia, from 17/9/2017 to 28/9/2017 (as invited speaker)

2. ASEAN Leadership Program on « Farming systems : Role of livestock in Sustainable Development”, organized by Faculty of Animal Science, University of Gadjah Mada, Indonesia, from 29/8/2016 to 9/9/2016 (as participant)

PROJECT ACTIVITY

Year	Project
2017	Promoter of research project on “Assessment and improvement of welfare quality, productivity, and economic efficiency of broiler and laying chickens in different production systems in the Red river delta, Northern Vietnam” (funded by AI research programme, CUD, Belgium)
2017	Promoter of research project on” Efficiency of a comprehensive waste treatment system using physically settling tanks and biologicaly vetiver grass floats at a pig farm in the Red river delta, Vietnam” (Funded by MEKARN II PROJECT, Swedish International Development Agency)
2016	Promoter of research project on ”Characteristics of animal production and development of a goat model farm with high performance and suitable to the island conditions at Bach Long Vy island, Hai Phong province” (Funded by Vietnam National University of Agriculture, Hanoi, Vietnam)
2015	Promoter of research project on “Welfare quality, productivity and meat quality of broiler chickens kept in different production systems in North Vietnam: An assessment at households’ farms and experimental farm (Funded by International Foundation for Science, Sweden)
2014	Participated in research project on “Development of breeding pig farms with stress-resistant Pietrain strains and crossbred PiDu for lean pig production in Northern Vietnam (Funded by Vietnam National Extension Program)
2012	Promoter of research project on “Technical and socio-economic factors affecting adoption of biogas systems by livestock farm households in the North of Vietnam” (Funded by SUSANE, Sweden)

2011	Promoter of research project on “Adaptation of farming systems to socio- Economic changes in market-oriented economy” (Funded by RDViet)
2011	Promoter of research project on “Characterization of VAC production systems in Cam Hoang commune, Cam Giang district, Hai Duong province” (funded by Hanoi University of Agriculture)
2009	Promoter of research project on “Identify the appropriate amount of redworms (<i>Perionyx excavatus</i>) supplemented in the diet of broiler chickens” (Funded by Hanoi University of Agriculture)
2008	Participated in research project on “ Developing the pig farms with a high productivity, improved product quality and economic outcomes” (Funded by Ministry of Education and Training, Vietnam)
2007	Participated in research project on “A Risk Analysis Approach for HPAI in poultry production systems”, (funded by CIRAD)

PATENTS

Patent

CONGRESSES AND SEMINARS

Date	Title	Place
7-10/8/2017	the 51 st Congress of the International Society for Applied Ethology (Title: “Effects of enriched environments with perches and dust baths on behavioural patterns of slow-growing broiler chickens”)	Aarhus, Denmark
18-19/12/2015	Vietnam National Conference on Sustainable Livestock Development (Title “Productivity, economic efficiency and welfare quality of broiler chickens kept in different production systems in Cam Giang district, Hai Duong province”)	Hanoi, Vietnam
24-26/11/2015	7 th International Science, Social Sciences, Engineering and Energy Conference (Title “Earthworm as an alternative protein resource for aquaculture and animal production”)	Thailand
26-30/11/2012	15 th AAAP international Congress (Title “Dynamics of Livestock Production Systems during the Economic Transformation Period in Northern Vietnam: Case Study in Cam Giang District, Hai Duong Province”)	Thailand
16-18/2009	International Workshop on Livestock, Climate Change and the Environment (Title “Use of redworms (<i>Perionyx excavatus</i>) to manage agricultural wastes and supply valuable feed for poultry”)	Vietnam
22-26/9/2008	13 th AAAP international Congress (Title “Characteristics and efficiency of some livestock production systems in the Red River Delta: Case study in Cam Giang district, Hai Duong province”)	Vietnam

PUBLICATIONS

Books
1. “Dynamics of agrarian systems and the emerging agricultural land issues during the economic transition period in North Vietnam: Evidence from the case of Hai Duong province”. Chapter in book

“Développement rural et petite paysannerie en Asie du Sud-Est : Leçons d'expériences au Vietnam et au Cambodge” (Rural Development and Small famrers in South East Asia: Lessons of experiences in Vietnam and Cambodia), L'Harmattan, ISBN: 978-2-343-06407-9, 2015

2. “Livestock production systems in Northern Vietnam: Problems and Prospects”. Chapter in the book “Livestock: Production, Management strategies and Challenges”, Edited by Victor R. Squires and Wayne L. Bryden NOVA Science Publishers, New York, USA (Submitted 7/2018, not yet published)
