

## **Curriculum Vitae of prof. Carlo Corino**

### **Mailing Address:**

Department of Health, Animal Science and Food Safety (VESPA),  
Via Celoria 10, 20133 Milano (Italy)  
E-Mail: [carlo.corino@unimi.it](mailto:carlo.corino@unimi.it); Web site: [www.vespa.unimi.it](http://www.vespa.unimi.it)

### **Short Biography**

Full professor of Animal Nutrition at the University of Molise (1990) where he has been also Chief of Department of Animal, Vegetal and Environmental Sciences (1990-1993).  
Director of the Graduate School of Animal Nutrition and Husbandry, University of Milan, Molise and Bari (1991-2001).  
Chief of Institute of Animal Nutrition (University of Milan) (2001-2004).  
President of the University degree on Animal Production (1999-2005).  
Coordinator of a first level master on "Pig Sciences" (2003-2005).  
Director of the post graduate Specialization School in Swine Pathology (2010-2016)  
President of the University degree on Animal Production (2012-2017).

### **Current Appointments:**

- Full Professor, Faculty of Veterinary Medicine, University of Milan

### **Membership of professional bodies:**

- ASAS – American Society of Animal Science
- ASPA – Italian Association of Animal Production
- SISVET – Italian Society of Veterinary Sciences
- SIPAS – Italian Pig Veterinary Society

### **Fields of Specialisation:**

Animal nutrition, Nutrition and immunity, Nutrition and meat quality, Meat quality, Monogastric nutrition, Fats in animal nutrition, CLA in pig nutrition, Antioxidants.

### **Current Teaching:**

Animal nutrition and feeding, The chemistry of senses: palatability in animals and sensory analysis, Faculty of Veterinary Medicine, University of Milan

### **International Cooperation:**

Mourot J – INRA, UMR Systèmes d'Élevage, Nutrition Animale et Humaine Rennes, France  
Prost M - Centre Européen de Recherche et d'Analyse (CEDRA), Dijon, France  
Bee G. Agroscope Eidgenössische Technische Hochschule Zürich, Bern Area, Svizzera  
Ondruska L. - National Agricultural and Food Centre, Nitra, Slovak Republic

### **Key qualifications:**

- CLA
- $\Omega$ -3 and  $\omega$ -6
- Pig nutrition and feeding
- Nutraceuticals in animal nutrition
- Nutrition and meat quality
- Antioxidants
- Sensory analysis

Member of the **editorial board** of Journal of Nutritional Ecology and Food Research and of Journal of Dairy, Veterinary & Animal Research.  
Guest Editor Animals.

Refereeing for:

1) Meat Science; 2) Livestock Science; 3) Animal; 4) Italian Journal of Animal Science; 5) Journal of Zhejiang University-SCIENCE B; 6) British Journal of Nutrition; 7) Journal Agriculture and Food Chemistry; 8) Food Chemistry; 9) Journal of Endocrinological Investigation 10) European Food Research and Technology 11) Small Ruminant Research 12) Journal of Animal Science 13) European Journal of Lipid Science and Technology. 14) Oilseeds and fats, Crops and Lipids

Author of 74 cited documents (web of science, 03/03/2019)

1214 citations

h-index: 22
