

UNIVERSITÀ DEGLI STUDI DI MILANO

DIPARTIMENTO DI CHIMICA

Pierluigi Mercandelli *Résumé*

EDUCATION

- 1997–2000 PhD in Chemistry (Università degli Studi di Milano)
1995–1996 Research grant (Montell Polyolefins, Ferrara)
1989–1995 MS in Chemistry (cum laude, Università degli Studi di Milano)

WORK EXPERIENCE

- 2018– Associate professor (SSD CHIM/03)
2002–2018 Assistant professor (SSD CHIM/03, Dipartimento di Chimica Strutturale e Stereochimica Inorganica, then Dipartimento di Chimica, Università degli Studi di Milano)
1999–2002 Research fellow (Università degli Studi di Milano)

TEACHING

- 2018– Chemistry (BS Biology)
2010– Inorganic chemistry (MS Chemistry)
2011–2017 Structural chemistry (MS Chemistry)
2003–2011 Inorganic stereochemistry (MS Chemistry)

RESEARCH INTERESTS

Organometallic chemistry, in particular assessment and rationalization of structure and properties of molecular and extended species, through the integrated use of both experimental (X-ray diffraction) and theoretical methods (quantum mechanical calculations and molecular mechanics and dynamics simulations).

FUNDING

- Cariello 2013 SmartMatLab Centre
PRIN 2012 Aqueous-processable polymer solar cells
Vigoni 2011 Nanoscale organization of luminescent complexes for innovative materials
PRIN 2009 New organometallic complexes and polymers for solar cells
PRIN 2007 Cluster aggregation and functionalization: an opportunity for new materials
PRIN 2004 Tridimensional reconstruction of *in situ* and purified flagellar components
COFIN 2003 Cluster aggregation to obtain molecular nanoparticles
