Area Agriculture and Food Sciences

Agricultural biotechnology

Courses:

- Biotechnology
- Plant, Food and Environmental Biotechnology (Master's)
- Biotechnology for Bioeconomy (Master's)
- Food systems (PhD students)

Specific requirements

Applications allowed for

- Students enrolled to at least their **second year of Bachelor's** degree;
- Master's degree students;
- PhD students for the indicated courses.

Doctoral students in Food systems (also present in the call of Food science and Technologies) must apply only to destinations of one of the calls (please refer to the attached table).

Selecting criteria:

Evaluation of Learning Agreement proposal and student's motivations:

Minimum score 1	Maximum score 7
-----------------	-----------------

Evaluation of CV and previous academic career:

Area Pharmacy

Courses:

- Pharmaceutical Chemistry and Technology (single cycle)
- Pharmacy (single cycle)
- Herbal Sciences and Technologies (Bachelor's)
- Biotechnology (Pharmacy curriculum) (Bachelor's)
- Chemical safety and Toxicological Environmental Sciences (Bachelor's)
- Drug Biotechnology (Master's)
- Safety assessment of xenobiotics and biotechnological products (Master's)
- Pharmacological Sciences (PhD students)
- Experimental and Clinical Pharmacological Sciences (PhD students)
- Hospital pharmacy (Specialization school)

Specific requirements

Applications allowed for:

- Students enrolled at least at their second year of Bachelor's degree and who earned at least 30 credits;
- Students enrolled at least at their second year of Single-cycle Master's programmes and who earned at least 30 credits;
- All students enrolled at the Master's degree in *Drug Biotechnology* and *Safety assessment of xenobiotics and biotechnological products*.
- Students enrolled at Specialization schools and PhD students where specified

Traineeship activity in Hospital pharmacy, no longer than 4 months, where foreseen, is allowed for students enrolled at single cycle degrees in Pharmacy and in Pharmaceutical Chemistry and Technology and to the Specialization school in Hospital pharmacy.

Students enrolled at the Bachelor's degree in Biotechnology -K06 (course also present in the call for Agricultural sciences, Veterinary and Science) will have to preferably apply only to the destinations written on the call that refers to their curriculum (refer to specific tables).

Selecting criteria:

Evaluation of Learning Agreement proposal and student's motivations:

Minimum score 1	Maximum score 8

Computer Science

Courses:

- Computer Science (Bachelor's),
- Computer Science - Crema (Bachelor's),
- Digital Communication (Bachelor's),
- Computer Systems and Networks Security (Bachelor's),
- Music Information Science (Bachelor's),
- Computer Science for New Media Communications (Bachelor's),
- Computer Science (Master's),
- Computer Science - Crema (Master's),
- Computer Science for communication (Master's),
- Informatics Security (Master's),

- *Data Science and Economics* (Master's),
- Computer Science (PhD students).

Specific requirements

Students enrolled in *Data Science and Economics* (also present in the call of Economics) must apply only to the destinations of one of the calls (refer to the attached document).

Selecting criteria:

Evaluation of Learning Agreement proposal and student's motivations:

Minimum score 1	Maximum score 5
-----------------	-----------------

Evaluation of CV and previous academic career:

Minimum score 1	Maximum score 7
-----------------	-----------------

Evaluation of language skills:

Minimum score 1	Maximum score 3
