

UNIVERSITÀ
DEGLI STUDI
DI MILANO

Platform-based exams Moodle + Safe Exam Browser + web conference

Instructions for students

Version 08 May 2020

Before the exam

1. Email confirmation from the teacher

After registering to the exam through UNIMIA, wait for the email confirmation specifying:

- the exam date and time (they may be different from those provided at the time of registration, depending on the number of participants);
- the web conference system, with instructions for connecting through your smartphone;
- any information regarding the duration of the exam and the type of quiz (open-ended or closed questions, ...);
- a reminder to read carefully and follow the instructions provided in this document ("Platform-based exams - Moodle + Safe Exam Browser + web conference - Instructions for students").

2. Web conference app installation

Download the web conference app, as notified by the teacher to your smartphone, **well in advance** (at least the day before the exam).

3. Workstation set-up

Set up the workstation to be used during the exam, bearing in mind that you will have to:

- connect to the web conference using your smartphone;
- position your smartphone so that it frames you and your workstation from behind, for example by placing it on a library shelf or on the shelf of a fairly high piece of furniture, and make sure that it holds still;
- **connect your smartphone to the power supply** to prevent the battery from running low during the exam;
- **connect your computer to the power supply** for the duration of the exam.

4. Safe Exam Browser installation and verification

Install Safe Exam Browser (SEB) **well in advance** (at least the day before the exam), and **check that it works** properly, as it is required for the exam.

Note: always check that SEB works, even if it is already installed on your computer. If you use a wrong version of SEB, for example the one installed for Exam.Net, you will not be able to access the exam!

Version to be installed: for Windows - SEB 2.4, for MacOS - SEB 2.1.4 (only these versions work with Exam.Net as well)

Access the home page of the Moodle platform dedicated to exams - <https://esamimoodle.unimi.it/> - click on "ACCESS" in the "Exams with Safe Exam Browser" box, then follow the procedure set out in the area "Before the exam". If Safe Exam Browser has already been installed, proceed to the verification procedure, as described below).

 proctorio Esami con proctoring Questa modalità di svolgimento dell'esame comporta obbligatoriamente l'uso del browser Chrome con l'estensione "Proctorio Chrome Extension". Accedi	 Esami con Safe Exam Browser Questa modalità di svolgimento prevede un collegamento video in web conference con il docente e l'utilizzo del browser Safe Exam Browser. Accedi

Esami con Safe Exam Browser

Prima della prova d'esame

1. Installare il Safe Exam Browser

Scarica il programma di installazione utilizzando il link corrispondente al tuo sistema operativo ed esegui la procedura

[Safe Exam Browser 2.4 per Windows](#)
Windows 7, 8.1 and 10

[Safe Exam Browser 2.1.4 per macOS](#)
macOS 10.15, 10.14, 10.13, 10.12, 10.11

2. Verifica il corretto funzionamento di Safe Exam Browser

Accedi all'ambiente di test per verificare il corretto funzionamento del Safe Exam Browser svolgendo il quiz di prova.

ATTENZIONE: per accedere verrà chiesta una password - digitate "seb"

[Verifica](#)

se non accade nulla significa che non hai installato il **Safe Exam Browser**

3. Predisponi la postazione di lavoro

Installa sul tuo smartphone il programma client del sistema di web conference indicato dal docente nelle istruzioni per lo svolgimento dell'esame e predisponi la postazione di lavoro seguendo accuratamente quanto riportato nelle linee guida.

Il giorno della prova d'esame

- Tenere a portata di mano il **documento di identità** e le **credenziali di Ateneo** per l'accesso
- Mediante il proprio **smartphone** attivare l'applicazione di web conference e accedere al meeting seguendo le istruzioni fornite dal docente
- Il docente ti chiederà di effettuare mediante smartphone una panoramica della stanza, di mostrare un documento di riconoscimento e di posizionare lo smartphone correttamente come da linee guida
- Accedi alla procedura di esame seguendo le indicazioni presenti nella guida allo svolgimento dell'esame. La **password per iniziare il quiz** verrà comunicata dal docenti in web conference

ATTENZIONE: per accedere verrà chiesta una password - digitate "seb"

[Accedi](#)

se non accade nulla significa che non hai installato il **Safe Exam Browser**

SAFE EXAM BROWSER INSTALLATION

WINDOWS Operating System

Select the installation file for Windows

Follow the installation instructions as shown below

MAC-OS Operating System

Select the installation file for MacOS

Once the download is complete, start the software installation by double clicking on the name of the **dmg** file downloaded

Drag the Safe Exam Browser icon into the **Applications** folder

SAFE EXAM BROWSER VERIFICATION

You must perform the **verification procedure** on the day before the exam **by accessing the test environment**.

From the home page of the Moodle platform dedicated to exams with Safe Exam Browser - <https://esamimoodle.unimi.it/seb>, click on VERIFY in the left box

2. Verifica il corretto funzionamento di Safe Exam Browser

Accedi all'ambiente di test per verificare il corretto funzionamento del Safe Exam Browser svolgendo il quiz di prova.

ATTENZIONE: per accedere verrà chiesta una password - digitate "seb"

 Verifica

Se non accade nulla significa che non hai installato il **Safe Exam Browser**

If you have a MacOS system, you may be required to confirm that you want to open the app downloaded from the internet:

Note: if, after starting the Safe Exam Browser, the following page appears, close Safe Exam Browser and restart the verification by clicking on the "Verify" link

Safe Exam Browser English Deutsch

You have installed Safe Exam Browser (SEB), but it isn't configured yet.

If you are an examinee:

You should have received a SEB configuration file, with the file extension .seb and this icon: 

or you may have received a link to configure SEB or to start an exam with SEB.

- Quit SEB using the quit button in the lower right of this screen (or keys ctrl-Q/cmd-Q).
- Open (double click) the SEB configuration file or click the link to configure SEB/start an exam with SEB.
- If you click a link to configure SEB/start an exam, your browser or e-mail client may ask you to confirm opening the link with Safe Exam Browser, you have to allow/confirm this.
- SEB will start and open the configuration file (or the configuration link).
- SEB will either be configured, you can then choose to continue using SEB or quit for now. Otherwise your exam will start directly.

If you want to know more about SEB, you'll find all information on this website:

- News
- About Safe Exam Browser
- Documentation SEB for Windows
- Documentation SEB for macOS
- Support

On the day of the exam

1. Getting ready

Keep an identification document handy (preferably a student badge, or an ID).

2. Accessing the web conference

Using your smartphone or tablet, access the web conference system notified by the teacher well in advance, position the device as instructed by this document, and wait for the teacher to connect. You must have your **microphone on** and **avoid any noise** for the duration of the exam.

3. Identification and preliminary procedures

At the request of the teacher, show your identification document (if it is an ID, show only the photo and name / surname portion). During the exam, the teacher may ask you to provide an overview of the environment (room).

Sit at your workstation, close all applications running on your computer, and **wait for the teacher's instructions.**

Remember that:

- **no one may enter** the room for the duration of the exam;
- you must **avoid any noise**, as the exam (preferably) takes place with the students' microphones on in order to identify any suspicious noises;
- if the connection is lost, **reconnect immediately** to the web conference; if this is impossible, contact the teacher via email to agree on another date or to declare that you withdraw from the exam.

4. Accessing the Moodle + SEB exam platform

The teacher will guide you through the access procedure, as follows.

Access the home page of the Moodle platform dedicated to exams - <https://esamimoodle.unimi.it/> - click on "ACCESS" in the "Exams with Safe Exam Browser" box, then click on "ACCESS" in the box: "On the day of the exam".

Note: the exam will only be available as scheduled, and notified by the teacher

Open the Safe Exam Browser (previously installed and verified), to access the exam

Enter the password required when starting Safe Exam Browser.
The password is: **seb**

In the **LOGIN mask**, enter the credentials (username, user type and password) normally used to access the University online services

Once logged into the exam environment, **click on the exam to be taken.**

Note: if you do not see your exam, it means that it is not available yet

After accessing the exam, click on the link **"Quizzes with Safe Exam Browser"**

To start the test, click on the link **"Try the quiz now"**

Note: if the "Try the quiz now" link is not displayed, it means that the quiz is not available yet. Read the instructions on the page for availability details.

Note: After clicking on "Try the quiz now", you will be required to **enter the exam password**, which will be read out by the teacher.

You may now start the exam by answering the quiz questions, one by one.

The Moodle platform will record your answers during the test. Therefore, in the event of lost connection or PC crash, you may resume the quiz where you stopped.

To go to the next question, click on the "NEXT PAGE" button

Esame - 13 maggio 2020

Domanda 1
Risposta non ancora data
Punteggio max: 2,00
Contrassegna domanda

Nel 1804 Joseph Marie Jacquard inventò:

Scegli un'alternativa:

- Una nuova tecnologia per archiviare ed elaborare dati a scopi personali.
- Una nuova tecnologia per i telai in grado di controllare il movimento di aghi, filo e tessuto attraverso delle schede perforate.
- La Jacquard Machine.
- Una macchina tabulatrice a schede perforate.
