## PROFILE

I am currently Research Fellow at Fondazione Rodolfo Debenedetti. I hold a PhD in Labour Studies from the University of Milan and MA with distinction in Sociology from the Bicocca University of Milan. I am interested in theoretical and applied research in the areas of education, labour, and social stratification. Since 2009 I have also been working in the area of public policy evaluation, especially in the fields of education and training.

I worked both in Universities (as researcher and lecturer) and in research institutes. This combination of experiences has helped me to strengthen my skills in the various phases of a research project, starting from the design, fieldwork, coordination of partners and, finally, to data analysis and scientific dissemination of the results.

I mainly carried out my research using quantitative methods applied to panel, cross-sectional and experimental databases. I am also at ease with qualitative inquiry techniques, such as in-depth interviews and focus groups.

## RESEARCH EXPERIENCE

**April 1<sup>st</sup>, 2018 – March 31<sup>st</sup>, 2020:** Research Fellow at the Fondazione Rodolfo Debenedetti, Milan.

Main activities: research and policy evaluation activity, mainly in the field of migration, poverty and education, for projects at local and national level. My main tasks involve all phases of the research activity, from the early stages (preparation of applications and research proposals, definition of research/evaluation question and research design jointly with the project stakeholders) to the coordination of field activities and the dissemination of the results (not only in scientific environments).

**April 1<sup>st</sup>, 2018 – March 31<sup>st</sup>, 2020:** External consultant at Bruno Kessler Foundation, Trento.

Main activities: research in the field of cyber-security.

**April 1<sup>st</sup>, 2015 – March 31<sup>st</sup>, 2018:** Research Fellow at the Research Institute for the Evaluation of Public Policies - Bruno Kessler Foundation (FBK-IRVAPP) in Trento.

Main activities: research and policy evaluation activity, mainly in the field of education and training. The projects I worked with were scaled both at local/national and at the international level. My main tasks involved all phases of the research activity.

**November 2016:** External consultant in the experimental project "OpenTeQ - Opening the Black Box of Teacher Quality" (Head of the project: Gianluca Argentin, Catholic University of Milan), aimed at estimating the impact of a training program on teachers attitudes and students' competences. Funding: MIUR (Italian Ministry of Research).

Main activities: Co-definition of the sampling and randomization strategies; extraction of treated and control units; reporting on the internal validity of the experiments.

**June 22<sup>nd</sup>, 2015 – October 10<sup>th</sup>, 2016 (non-continuously):** External partner for Fondimpresa (Trento division), the main Italian inter-professional fund for life-long professional development.

Main activities: reporting and counselling on the activities of the fund in the period 2013-2015.

**April 15<sup>th</sup>, 2013 – March 31<sup>st</sup>, 2015:** Post-doc researcher at the University of Trento (Department of Sociology and Social Research). I was the field coordinator of a randomized experiment ("Family background, beliefs about education and participation in Higher Education: an experiment integrated with a longitudinal survey". Head of the project: prof. Antonio Schizzerotto) involving 62 high schools in four Italian regions. The main aim of the research is the evaluation of the impact of school guidance for high-school seniors on university enrolment, choice of the field of study and university dropouts. Funding: MIUR (Italian Ministry of Research), ID: CUPE61J12000220001.

Main activities: Supervision of the field of the experiment and of the data collection process; coordination of external partners and data collection agencies; supervision of junior collaborators; organization of national meetings and training sessions; preparation of measurement tools; data cleaning and data analysis; writing of scientific papers and technical reports.

**June 6<sup>th</sup>, 2009 – November 19<sup>th</sup>, 2014 (non-continuously):** Team member of a research project for the impact evaluation of a training program for mathematics teachers (PON M@t.abel+) on student achievement and teacher behaviour. The causal impact of the program is estimated thanks to an experimental design with school randomization. Funding: EU Operational Program in Education 2007–2013 fund (I-3-FSE-2009-2).

Main activities: Research project implementation for INVALSI (Italian National Institute for the Evaluation of the Educational System), preparation of measurement tools, arrangement and supervision of the field, data analysis, writing of scientific papers and technical reports.

**December 14<sup>th</sup>, 2011 – August 13<sup>th</sup>, 2012:** Team member of a research project for the impact evaluation of a training program for mathematics teachers (PQM) on student achievement, through quasi-experimental design (coordinator: Daniele Vidoni). Funding: EU Operational Program in Education 2007–2013 fund (A-2-FSE-2009-2).

Main activities: arrangement and supervision of the field, data analysis, writing of scientific papers and technical reports.

**September 2011 – February 2012:** Visiting Researcher at the University of Bamberg, under the supervision of prof. Volker Stocké.

Main activities: research activity in the context of my doctoral dissertation.

**June 2009 – August 2012 (non-continuously):** External partner for various research institutes (ISFOL, Observa, ASVAPP).

Main activities: data analysis over specific research questions leading to the drafting of research reports and research book chapters.

## TEACHING ACTIVITY

**A.Y. 2019/20:** Main lecturer of the compulsory bachelor course Policy Evaluation at Bocconi University, Department of Social and Political Sciences; lecturer of the bachelor courses "Sociology", I semester (compulsory for BES-CLES bachelor course) and Sociology, II semester (optional for other bachelor courses) at Bocconi University of Milan, Department of Social and Political Sciences (course main instructor prof. Nicoletta Balbo).
