

UNIVERSITÀ DEGLI STUDI DI MILANO

DIPARTIMENTO DI SCIENZE AGRARIE
E AMBIENTALI - PRODUZIONE,
TERRITORIO, AGROENERGIA

Co-funded by
the European Union

Selection results for learners' participation to the course on "Flock management and certification" that will be held in Burdur (Turkey) from 20 to 24 February 2023 in the frame of the KA220-VET - Cooperation partnerships in vocational education and training 2021-1-TR01-KA220-VET-000025255 - Dissemination of animal welfare practices in farmed ruminants.

Candidates have been evaluated following a merit-based selection process operated by an *ad-hoc* Committee, based on the following selection criteria (max score = 40):

- **For students** enrolled in master's and single-cycle Master's degree programmes, the academic transcript of records, and especially the **number of credits and the grades** obtained for exams specifically related to **animal husbandry and animal welfare** (as shown in the academic transcript of records reporting the grade for each passed exam) will be considered as a preferential attribute: max score = 10;
- **For all other applications (excluding students)**, **knowledge of animal husbandry and animal welfare**, as shown in the *Curriculum Vitae*: max score = 10;
- **For all applicants**: Level of English proficiency: max score = 5;
- **For all applicants**: Other documented relevant experiences: max score = 5;
- **For all applicants**: Strength of the motivations expressed in the motivation letter; max score = 10.

As the number of applications (n=9) exceeded the number of available positions (n=5), an interview was held on 12 January 2023 at the Department of Agricultural and Environmental Sciences to further elucidate aspects related to the candidates' **knowledge and experience on animal husbandry and welfare, especially related to small ruminants**, and candidates' **motivation to improve their knowledge on these topics**.
