TRAINING OR RESEARCH ACTIVITY

The past four years I have spent developing and conducting a research project regarding citizenship from below of irregular migrants in The Netherlands and Italy. The research focuses on political claim-making and their struggle for citizenship. Through ethnographic methods my PhD research gains insight into the dynamics of claim-making and ultimately to expand the sociological understanding of 'citizenship-in-use': the political (re)negotiation over the notion of citizenship in society.

PROJECT ACTIVITY

Year	Project
2015-2019	PhD project - irregular migrants and citizenship in The Netherlands and Italy
2015-2019	Participation in post-graduate courses and workshops at the universities of Milan and Amsterdam
2019	Contributing to the literature review of the MAGYC (Migration Governance and Asylum Crisis) project, university of Milan
