

UNIVERSITÀ DEGLI STUDI DI MILANO

TO MAGNIFICO RETTORE OF UNIVERSITA' DEGLI STUDI DI MILANO

I the undersigned asks to participate in the public selection, for qualifications and examinations, for the awarding of a type B post-doc fellowship

Pavel Zolotarev

CURRICULUM VITAE

PERSONAL INFORMATION

Surname	Zolotarev
Name	Pavel
Date of birth	23.09.1992

PRESENT OCCUPATION

Appointment	Structure
<i>Junior Data Scientist</i>	<i>Quantori (https://quantori.com/)</i>

EDUCATION AND TRAINING

Degree	Course of studies	University	year of achievement of the degree
Diploma (= Laura Magistrale)	Physical Chemistry	Samara State University	2014
PhD	Crystal Chemistry	Samara State Technical University	2018

FOREIGN LANGUAGES

Languages	level of knowledge
English	Intermediate
German	Elementary
Italian	Elementary

AWARDS, ACKNOWLEDGEMENTS, SCHOLARSHIPS

Year	Description of award
2019	Best report in the condensed matter physics section on the XXIII International Scientific Conference of Young Scientists and Specialists (AYSS-2019), Dubna, Russia (application of topological analysis of procrystal electron densities as a tool for computational modeling of solid electrolytes)

UNIVERSITÀ DEGLI STUDI DI MILANO

2017	Samara Region "Young Scientist" Award (investigation of the organic molecular crystals suitable for application in organic molecular beam epitaxy)
------	--

TRAINING OR RESEARCH ACTIVITY

- Investigation of relationships between molecular structure, crystal structure and mechanical properties of hydrogen-bonded molecular crystals with quantum-mechanical (VASP) and topological methods (ToposPro)
- Crystal structure analysis and modelling of adsorption properties of MOFs
- Investigation of disordering and doping effects in cathode materials and solid electrolytes
- Employment of exploratory data analysis and machine learning methods in solving materials science problems
- Quantum-chemical modeling of molecules and crystalline solids (VASP, Gaussian09, CP2K)
- Participation in international scientific collaborations (Russia, Germany, Italy, Iran, Argentina)
- Presenting results of studies at international scientific conferences (Russia, UK, Spain, Croatia)
- Writing scientific papers, applying for research grants, mentoring students, instructing at scientific schools and workshops

PROJECT ACTIVITY

Year	Project
2019-2021	Leader of the Russian Science Foundation grant "Influence of the physico-chemical properties of solvents on polymorphism of organic crystals" (project 19-73-00156)

CONGRESSES AND SEMINARS

Date	Title	Place
April 15-19, 2019	A combined approach for solid electrolytes investigations: handling geometrical/topological screening datasets	XXIII International Scientific Conference of Young Scientists and Specialists (AYSS-2019), Dubna, Russia
April 23-27, 2018	A topology-based investigation of the Ti-doping effects on the K ⁺ conductivity in doped K(Fe,Ti)O ₂ solid electrolyte	XXII International Scientific Conference of Young Scientists and Specialists (AYSS-2018), Dubna, Russia
October 2-6, 2017	Description of the NCA cathode material configurational space and elucidation of the dopants role in the structural stabilization	XXI International Scientific Conference of Young Scientists and Specialists (AYSS-2017), Dubna, Russia
May 30 - June 3, 2016	Identification of the cleavage planes in molecular crystals: topological and energetic aspects	8th National Crystallochemical Congress, Suzdal, Russia
August 23-28, 2015	Identification of the cleavage planes in molecular crystals: topological and energetic aspects	29th European crystallographic meeting (ECM29), Rovinj, Croatia
