comunica i quesiti relativi alla prova orale:

## Gruppo di quesiti 1

1. Come redigerebbe un Piano Editoriale per la disseminazione e comunicazione delle attività del progetto Human Hall?
2. Brano in inglese:

*The European way of life is an inclusive one. Integration and inclusion are key for people coming to Europe, for local communities, and for the long-term well-being of our societies and the stability of our economies. If we want to help our societies and economies thrive, we need to support everyone who is part of society, with integration being both a right and a duty for all. ## Gruppo di quesiti 2

1. Quali canali social utilizzerebbe, a seconda del messaggio e dei destinatari, per promuovere il progetto Human Hall?
2. Brano in inglese:

*This means empowering those facing disadvantages, while ensuring our communities are united and cohesive. It means giving equal opportunities to all to enjoy their rights and participate in community and social life, regardless of the background and in line with the European Pillar of Social Rights. It also means respecting common European values as enshrined in the EU Treaties and in the Charter of Fundamental Rights of the European Union, including democracy, the rule of law, the freedoms of speech and religion, as well as the rights to equality and non-discrimination.*

## Gruppo di quesiti 3

1. Quali strategie adotterebbe per supportare la gestione della comunicazione online e la produzione di materiale audio-video durante eventi come seminari, workshop ed eventi formativi del progetto Human Hall?
2. Brano in inglese:

*The challenge of integration and inclusion is particularly relevant for migrants, not only newcomers but sometimes also for third-country nationals who might have naturalised and are EU citizens. This is why the scope of this action plan covers both migrants and EU citizens with a migrant background<sup>2</sup>. It is thus broader than the 2016 Commission action plan on integration, which covered only third country nationals.*

## Gruppo di quesiti 4

1. Come fornirebbe supporto informativo per l'acquisizione di servizi esterni di comunicazione e di gestione di database a supporto del progetto Human Hall?
2. Brano in inglese:

*Inclusion for all is about ensuring that all policies are accessible to and work for everyone, including migrants and EU citizens with migrant background. This means adapting and transforming mainstream policies to the needs of a diverse society, taking into account the specific challenges and needs of different groups. Actions to help migrants integrate need not, and should not, be at the expense of measures to benefit other vulnerable or disadvantaged groups or minorities. On the contrary, they contribute to make policies more inclusive overall.*

## Gruppo di quesiti 5

1. Come tecniche utilizzerebbe per gestire e pianificare la comunicazione, in particolare newsletter, siti web e uffici stampa, a supporto del progetto Human Hall?
2. Brano in inglese:

*This action plan promotes an integrated approach to migrants inclusion and aims to create close synergies with existing and upcoming EU strategies to foster equality and social cohesion to ensure everyone is fully included and participates in European societies. In particular, it will be implemented in close interaction with the forthcoming action plan to implement the European Pillar of Social Rights and the EU's anti-racism action plan.*
