I principi contenuti nel Modello Organizzativo 231, e nel relativo Codice Etico, formano parte essenziale delle obbligazioni contrattuali di cui alla presente. Difatti, con la sottoscrizione della presente Lei dichiara di essere a conoscenza della normativa sulla responsabilità amministrativa degli Enti di cui al D. Lgs. 231/01, delle sue implicazioni per il MIP e dell'adozione da parte di quest'ultimo di un apposito Modello Organizzativo 231 e del relativo Codice Etico, dei quali ne accetta incondizionatamente tutti i termini e le condizioni.

Irish Research Council Postgraduate Scholarships 2016/17

The Irish Research Council (IRC) offers scholarships for suitably qualified individuals to pursue a postgraduate degree in any discipline at a Higher Education Institution within Ireland. This scheme is intended to support suitably qualified Research Master's and Doctoral candidates pursuing or intending to pursue full-time research. In addition, the highest-ranked Irish history award will be named 'Daniel O'Connell Postgraduate Scholarship'.

Irish Strategic Funding Partners

A number of other Irish Strategic Funding Partner (SFP) organisations partner with the IRC and support the Government of Ireland Postgraduate Scholarship scheme as a mechanism to deliver on their shared national objectives:

- The **Conflict Resolution Unit of the Department of Foreign Affairs** – research to examine areas relevant to the work of the Conflict Resolution Unit. Scholars under this theme will hold an Andrew Grene Postgraduate Scholarship in Conflict Resolution.
- **The Environmental Protection Agency (EPA)** – research under the EPA Research Programme (2014-2020) pillars of Climate, Water and Sustainability. Scholars under this theme will hold an Environment Protection Agency Postgraduate Scholarship.

Terms and Conditions

The Terms and Conditions are on the IRC webpage for this scheme:

<http://www.research.ie/scheme/government-ireland-postgraduate-scholarship-scheme-2016>

Scholarships must commence on 01 October 2016 (no later or earlier).

Applicants must be new entrants to the postgraduate degree programme for which they are applying for funding and must have a date of first registration not before September 2016.

A Scholar who is already registered for a degree is not eligible for funding. For exceptions, see clauses 4.4.1-4.4.4 in the Terms and Conditions.

NEW for 2016 Call

1. Previously, those who were 'a permanent member of staff in an HEI or in a non-Irish based research body or HEI' were not eligible to apply to the scheme.
2. The clause 'Scholars must engage full-time in research during the Funding Term and should not engage in any activity other than completing the Scholarship' has been amended to include the following text: 'In particular, Scholars must not assume any other duties that would adversely affect their ability to engage in the Scholarship on a full-time basis. This includes undertaking remunerative employment (with the exception of that pertaining to teaching-related duties as per clause 7.12 below) during the funding term'.
3. In addition to the Government of Ireland scholarships, a number of targeted scholarships are offered in collaboration with the IRC Strategic Funding Partners (SFPs). The scholarships offered through SFPs have changed since 2015. Applicants will be asked to choose which scholarship they wish to apply for (i.e. IRC GOI Scholarship, or an SFP scholarship). As in 2015, applicants may apply for one scholarship only, however those that choose to apply for a SFP scholarship are not precluded from being considered for the

<p>GOI Scheme.</p> <p>4. Scholars may now apply to the IRC to undertake an internship during the course of their award. The relevant conditions and process for this are outlined in clauses 7.17 – 7.20.</p> <p>5. Scholars no longer need to apply to the Council to undertake teaching (and related duties) once they fulfil the conditions outlined in clause 7.12. Other relevant information with regard to teaching is included in clauses 7.13 – 7.16.</p>
<p style="text-align: center;">IRC Application and Assessment Process</p>
<ul style="list-style-type: none"> • Applicant deadline - Applicant submits proposal via on-line system (OLS): OLS status 'application received' • Supervisor & referee deadline - Supervisor & Referees submit participant forms via OLS: OLS status remains 'application received' • Research office deadline - Research office endorses proposal via OLS: if endorsed, OLS status changes to 'ready for review'; if not endorsed, OLS status changes to 'ineligible application' • Eligibility check by IRC - Ineligible applications do not progress to evaluation – OLS status updated to 'ineligible application' Eligible applications progress to evaluation – OLS status updated to 'under assessment' • Assessment Phase 1: peer review by remote international assessors - Unsuccessful applications do not progress further – OLS status updated to 'unsuccessful application' Top ranked applications progress to second phase of evaluation • 2nd Phase of assessment: peer review by International Assessment Board - Awards are offered to successful applicants: status is updated to 'conditional award'. If deemed appropriate by the IAB, applications may be placed on a reserve list: status is updated to 'reserve'. Unsuccessful applications: status is updated to 'application unsuccessful'.
<p>Applications (including Supervisor and Referee Forms) will only be accepted through the electronic submission system (https://irishresearch.smartsimple.ie). As an aid to preparing an application, an indicative list of questions is provided on the IRC website (Indicative word forms).</p>
<p style="text-align: center;">Financial Justification</p>
<p>The total value of these scholarships is €24,000 per annum:</p> <ul style="list-style-type: none"> • maintenance award of €16,000; • contribution to fees (including non-EU) to Trinity, up to a maximum of €5,750 (any differential must be paid by the Scholar and/or Trinity); • justified, eligible direct research support expenses to enable the Scholar to carry out the research project, including essential research supplies such as small consumables; books and journals; pay as you go access to national research infrastructure; software and hardware critical for the research - to be obtained in the first year of the award or the first 3 months of a 1-year award; archival research costs; conference travel and participation; generic and/or specialist disciplinary skills training; publishing and write-up costs €2,250. <p>Financial Justification Guidelines for Trinity Applicants:</p> <ul style="list-style-type: none"> • <u>Applicants to Trinity should request and justify the maximum €2,250 per annum i.e. €9,000 for a four-year scholarship.</u> • An itemised breakdown of costs and the associated justification is required e.g. list separately the cost and justification for individual pieces of computer equipment and software. Small consumables can be grouped as one item e.g. general lab or stationery supplies. • Software and hardware must to be obtained in the first year of the award or the first three

Dear Miss. Decadri,

Doctor in Philosophy Full-Time (Political Science)

I am pleased to accept your application as an EU fee paying, full-time student for registration on to the above programme in the School of Social Sciences & Philosophy. Your Supervisor will be Constantine Boussalis.

I wish to confirm that you have been successful in your application for the Studentship Award. The award is granted for 2 academic years. Receipts of this award have their annual fees covered, along with receiving an annual maintenance grant of €6,500 paid over the academic year. Please note that from September 2015, Studentship Award recipients will be paid as follows:

First payroll payment: 20th October 2015

This will be a double payment and will cover student for the period 1 Sept – 31 Oct.

Payment monthly on 20th of every month from this point onwards.

Stipend end date will be 31 August in final year of the award.

Holders of the award are required to engage in relevant academic and professional activities as determined by the Director of Teaching and Learning (Postgraduate). Within such activities, teaching-related activities such as demonstrating are limited to a maximum of 6 hours per week and are governed by guidelines provided by the Graduate Studies Committee. Studentships are conditional on satisfactory academic progress and income level below €18,000. The studentship cannot continue beyond year 4 on the PhD Register.

Your registration will date from 1st September 2015. More detailed information will be available nearer the time. **No tuition fees are due in this instance, however you are**

required to pay the USI Levy, Sports Centre Charge and Commencement Fee prior to registration. Please note that it is mandatory to register on an annual basis..

As a candidate accepted for postgraduate study it is important for you to familiarise yourself with the regulations of the College. These regulations are contained in the TCD College Calendar Part 3, Graduate Studies and Higher Degrees, 2015-2016.

Please inform this office in writing or email me at research.admissions@tcd.ie if you wish to decline the place or the award. I will be happy to deal with any queries you may have.

Yours sincerely,

Professor Aileen Long
Dean of Graduate Studies
