# WELCOME DESK

*International students*

# Introduction

Students who decide to study in Italy often find themselves thrown into a system and a culture very different from those of their own countries; they have to also deal with unfamiliar and sometimes complex bureaucratic procedures.

It was for this reason that the Welcome Desk of the International Students Office was created, a University service for students, doctoral students and interns who come to Milan for the first time. The service is also dedicated to those who already live in the city and need to verify the validity of academic qualifications obtained abroad in order to enrol in one of our courses.

The Welcome Desk is the reference point for all the initial necessities of your new adventure in Milan and at the university. This short guide will outline the various steps you need to take in order to:

- obtain the documents necessary for living in Italy
- enrol in a course
- take an Italian language course
- take advantage of the services and opportunities offered by the University
- live and get around in the city of Milan.

# THE FIRST THINGS TO DO

*before you arrive*

# International enrolment in degree programmes

University enrolment in Italy is regulated by ministerial provisions that establish different admission procedures for *EU or EU-equivalent students* and *non-EU students* residing abroad.

Italian, European or non-European citizens with residence permits shall apply directly to the University. They don't need to pass any Italian proficiency test.

On the contrary, *non-EU students* residing abroad are required to submit a **pre-enrolment application** on University website (<https://www.universitaly.it/index.php/registration/firststep>) and have access to reserved quotas in every degree programme. They have to pass an Italian proficiency test in order to be admitted. For possible exemptions, check the section "Italian language test".

In both cases, to enrol, it is necessary to apply for admission and take an admission test or a skills assessment. Admission and enrolment procedures are described at:

- **Enrol in a Bachelor's or single-cycle Master's degree programme:** Study > Bachelor and master study > Degree programme enrolment > Enrolment on a first degree programme
- **Enrol in a Master's degree programme:** Study > Bachelor and master study > Degree programme enrolment > Enrolment on a Master's programme.

## Please note

In case of double citizenship, the Italian one always prevails in the process of admission.

# List of the documents to be prepared abroad

For enrolment in Bachelor's and single-cycle degree programmes:

- high school diploma, translated into Italian, legalized by the authorities of the country issuing the degree
- Declaration of Value issued by the Italian Embassy in the country where the diploma has been obtained or validity certificate issued by ENIC-NARIC centers or by diplomatic representations in Italy
- university enrolment certificate with the list of exams taken or postsecondary qualification obtained in a non-university higher institute if the local system contemplates less than 12 years of schooling
- academic suitability certificate if provided in the Country of origin.

For enrolment in Master's programmes:

- high school diploma, translated into Italian, legalized by the authorities of the country issuing the degree
- degree (Bachelor Sc. or equivalent), translated into Italian by an official translator, legalized by the competent authorities of the Country issuing the degree
- Declaration of Value issued by the Italian Embassy in the country where the degree has been obtained or validity certificate issued by ENIC-NARIC centers or by diplomatic representations in Italy.

The high school diploma and university degree/certificates are also accepted in French, English, German and Spanish (unless otherwise indicated for individual programmes).

The certified translation of the university degree and the related Declaration of Value/statement of validity can be replaced by the Diploma Supplement issued by the universities of countries belonging to the European Higher Education Area.

# THE FIRST THINGS TO DO

*with regard to residency documents*

*In order to live in Italy, both European and non-European students are required to obtain certain official documents in order to formalize their right of residence.*

*In view of facilitating the procedure, we have arranged the necessary information in a specific order, which we suggest you to follow step by step: in fact, you have to hold some documents before applying for others.*

## **Italian Tax code**

The tax code or “codice fiscale” is an identification code issued by the Ministry of Finance which is needed in order to open a current account or sign contracts. Citizens **residing abroad** can request it to the Italian consular-diplomatic representation in their country of residence. In Italy it can be requested from your local “Ufficio delle Entrate” (Tax office). A complete list of offices in the Lombardy region can be found on the website <http://lombardia.agenziaentrate.it/>. Remember to bring with you your passport.

## **Health insurance**

It is extremely important to have valid health insurance, as it is also required in order to apply for a residence permit within 8 days of your arrival in the country.

Perhaps you already have health insurance, which was taken out in your home country and validated by the diplomatic representation prior to your departure. If not, the two safest options are:

- voluntary registration with the **Italian national health service** (Servizio Sanitario Nazionale or SSN), which gives you the opportunity to choose a doctor (general practitioner), who will deal with health problems free of charge, and prescribe medicines, tests and specialist examinations when necessary. Registration is valid until 31st December.
- the **W.A.I. (Welcome Association Italy)** private policy, which covers emergency health treatments in public hospitals, providing also a few extra services, 3 times a year each.

### **Registration with the SSN**

#### *EU citizens:*

You can directly access the Italian National Health Service (SSN) without paying any subscription only for the first three months. If you are staying in

Italy for more than 3 months the European Health insurance card entitles you to benefit of necessary health treatments but for a complete health coverage you should obtain the S1 form before leaving your country.

You can register with the SSN free of charge visiting one of the local health offices (ATS or Agenzia di Tutela della Salute).

To register, the following documents are necessary:

- self-certificate of enrolment at University
- Italian tax code (codice fiscale)
- copy of your passport/ID card
- S1 form

At the moment of registration you should also communicate the name of the general practitioner of your choice.

If you don't have the S1 form, you can voluntarily register with the SSN paying a subscription fee and following the same procedure as non-EU citizens.

### *Non-EU citizens:*

To register with the SSN, you should

1. go to a post office and use a **payment slip** to make a payment of 149.77 euros (cost of the service for one solar year) to post office current account n. 379222, registered to: Amministrazione P.T. Regione Lombardia, specifying the following reason for payment "Iscrizione volontaria al SSN" (which means voluntary registration to SSN)
2. register with the local health authority (ATS or Agenzia Tutela della Salute) office nearest to your residence address (you will find all the addresses on the website [www.salute.gov.it](http://www.salute.gov.it)) bringing with you:
  - your payment receipt
  - Italian tax code
  - passport
  - your residence permit application receipt
  - self-certification of enrolment to our University.

### **W.A.I. (Welcome Association Italy) private policy**

To subscribe to the policy you should visit the website <http://www2.waitaly.net/en/>, where you can find information about the policy services, conditions and payment methods.

Costs and validity: 120 € for 12 months' assistance and 71 € for 6 months' assistance (from the day of purchase).

# Residence permit

## **First application**

If you are an **EU citizen**, you do not require a residence permit as such, but **you have to register** with your local civil records office.

If you live in Milan you can book an appointment on the website [www.comune.milano.it](http://www.comune.milano.it) > Online services > Thematic area: registry office > Residence foreigners > How it works for EU citizens.

On the day of the appointment, you **have to take the following** to the civil records office:

- your passport or identity card
- self-certification of enrolment at our University
- a photocopy of the documentation demonstrating the availability of adequate financial resources, for example, proof that you hold a scholarship or details of your current account.

If you are a **non-EU citizen**, you have to fill in and submit the **residence permit application kit**. You can ask for the kit at the Welcome Desk, where someone will help you to fill it in. It has to be submitted to a post office displaying the "Sportello amico" logo, along with:

- 1 photocopy of your passport (only the pages with your personal details and the visa stamp)
- documentation stating the chosen course and its duration and the stamp of the Italian diplomatic representation which issued the visa (pre-application form)
- a copy of the receipt of payment of the health insurance.

The post office will give you an official document (lettera di convocazione) with the date of your appointment with the specific branch of the Commissariato or Ufficio Immigrazione where you have to show up.

On the day of the appointment, do not forget to bring with you the original documents enclosed in the kit, the post office receipt and 2 passport size photographs.

## Please note

We advise you to go to the Ufficio Multilingue of Poste Italiane in Via Cordusio 4, Milano (opening hours: from Monday to Friday 8.20 am - 7.05 pm; on Saturdays 8.20 am - 12.35 pm)

## **Second instalment of fees for students with income/properties abroad**

For students with family unit residing and with income/property abroad, the second instalment is not calculated according to the ISEE Università certification.

For political refugees the fees coincide with the minimum amount.

# LIVING IN MILAN

# Getting around

Milan is a strange city, as you will realize when you live here. The urban landscape is not dominated by monuments and works of art, as it is in Venice, Florence or Rome, yet there are a host of things to see and discover.

Milan is perhaps most famous for fashion, for theatre and for the international scope of its trade fairs (such as Expo 2015), yet it conceals many wonderful surprises: you just have to know where to look or you can simply wander around, for example, venturing into the internal courtyards of the private palazzos in the city centre, most of which are extremely beautiful.

At one time, Milan was a navigable city, though not on the same level as Venice. It was Leonardo Da Vinci who was responsible for improving the canals which linked Milan to the Ticino and the Adda, by designing a system of locks. He also left another gift to the city, the famous fresco *The Last Supper*. To see it, you can book on-line at [www.vivaticket.it](http://www.vivaticket.it).

There are the masterpieces of the Brera Picture Gallery and wonderful Romanesque churches, such as the Basilica of Sant'Ambragio and the Basilica of Sant'Eustorgio, which is said to hold the remains of the three Magi (which Sant'Eustorgio brought back from Constantinople) and, in the centre of the city, the striking gothic structure of the Duomo, which has always been the symbol of Milan.

Furthermore, there are many possibilities for excursions to the outskirts of the city, which can be planned using the information found at <https://www.yesmilano.it/en>, or on the Region's website [www.turismo.regione.lombardia.it/en/home](http://www.turismo.regione.lombardia.it/en/home).

Milan is not far from Lake Como, Lake Maggiore and Lake Garda, the Alps, the Ligurian Sea and Venice, which is just a 2 and 1/2 hour train journey away.

Alternatively, you can stay in the city and visit one of the sports centres managed by the CUS, the University Sports Centre ([www.unimi.it/en/node/421](http://www.unimi.it/en/node/421)) and the Municipality ([www.milanosport.it/](http://www.milanosport.it/)) or enjoy the Milanese nightlife, which offers everything from the increasingly popular happy hours in the city centre or by the Navigli canals to discotheques. You may also wish to go to the theatre, the cinema (where you can also see original language films) or visit one of the many museums, which are open late into the evening.

For inspiration, visit [www.lombardiaspettacolo.com](http://www.lombardiaspettacolo.com) or the Vivi Milano webpage (<https://vivimilano.corriere.it/>). As an alternative, you can seek advice from the Municipality of Milan's Informagiovani service, which is based in Via Dogana 2 (close to Piazza Duomo).

# Transport

## **Urban and Extra-urban transport network**

It is easy to travel around Milan using the public transport system, with its trams, buses and underground network. All the information you need can be found on the website of the city's transport company, ATM ([www.atm-mi.it/en](http://www.atm-mi.it/en)), which also offers a Radiobus service, an extremely useful and convenient collective taxi.

You can travel on the metro by paying directly at the ticket gate with Mastercard, Visa, Maestro and VPay contactless cards.

For students, annual or monthly public transport passes are available at reduced prices. As of 15 July 2019, the new Integrated Tariff System of the Mobility Basin includes all the municipalities of the Metropolitan city of Milan and of the province of Monza e Brianza.

The System considers Milan as centre of reference, dividing the surrounding territory in concentric circular areas, each one representing a tariff zone. More information on prices, zones and tickets, are available on the website <https://nuovosistematariffario.atm.it/>.

## **Cars, bicycles and trains**

Those who can't live without a car should take a look at the Car Sharing website ([www.comune.milano.it/servizi/car-sharing](http://www.comune.milano.it/servizi/car-sharing)). You will discover that hiring a car, even for just a few hours, is not as expensive as you may think.

Cycling enthusiasts, who wish to explore the city on two wheels, can take advantage of the bicycle hire service BikeMi ([www.bikemi.com](http://www.bikemi.com)), which is provided by the Municipality of Milan, or visit the website of Ciclobby ([www.ciclobby.it](http://www.ciclobby.it)), an association that has been promoting bicycle travel in the city and organising group excursions for many years.

For travelling outside of the city, useful websites include those of Trenitalia ([www.trenitalia.com](http://www.trenitalia.com)), the airports of Linate, Malpensa ([www.sea-aeroportoimilano.it](http://www.sea-aeroportoimilano.it)) and Orio al Serio ([www.orioaeroporto.it](http://www.orioaeroporto.it)) and the website of the motorway service ([www.autostradale.it](http://www.autostradale.it)), which contains timetables and ticket prices for the buses that link Milan to several of Italy's most important tourist destinations. If, on the other hand, you wish to travel around Europe, you will find all the information you need on the European Youth Portal ([https://europa.eu/youth/EU\\_en](https://europa.eu/youth/EU_en)).

## **Suggestions**

If you are travelling by car or on foot and require directions, you can consult the TuttoCittà ([www.tuttocitta.it/mappa/milano](http://www.tuttocitta.it/mappa/milano)) or Via Michelin ([www.viamichelin.co.uk/](http://www.viamichelin.co.uk/)) websites.

# Useful links and numbers

## ***Emergencies***

It is helpful to remember that the Italian health service is public and free, in the case of emergencies.

Almost every city hospital has a Casualty Department for medical emergencies. A complete list can be found on the App "Salutale Pronto Soccorso". If it is impossible for you to reach the nearest hospital you can call 112, the emergency telephone number.

If you find yourself in danger or have urgent need of protection, you can dial the same number to contact the **State Police** ([www.poliziadistato.it](http://www.poliziadistato.it)), or the **Carabinieri** ([www.carabinieri.it](http://www.carabinieri.it)) or, in the event of a fire, the **Fire Brigade** ([www.vigilfuoco.it](http://www.vigilfuoco.it)).

For bureaucratic matters concerning residence permits you can consult the website of Milan's Police headquarters or Questura ([questure.poliziadistato.it/Milano](http://questure.poliziadistato.it/Milano)).
