# ECOLE - Profilo

ECOLE – Enti COnfindustriali Lombardi per l'Education è una società consortile che unisce **sette associazioni del sistema confindustriale** – AIOP Lombardia, Associazione Industriali di Cremona, Assolombarda, Confindustria Alto Milanese, Confindustria Como, Confindustria Lecco e Sondrio e UCIMU-SISTEMI PER PRODURRE – attraverso le rispettive società di servizi.

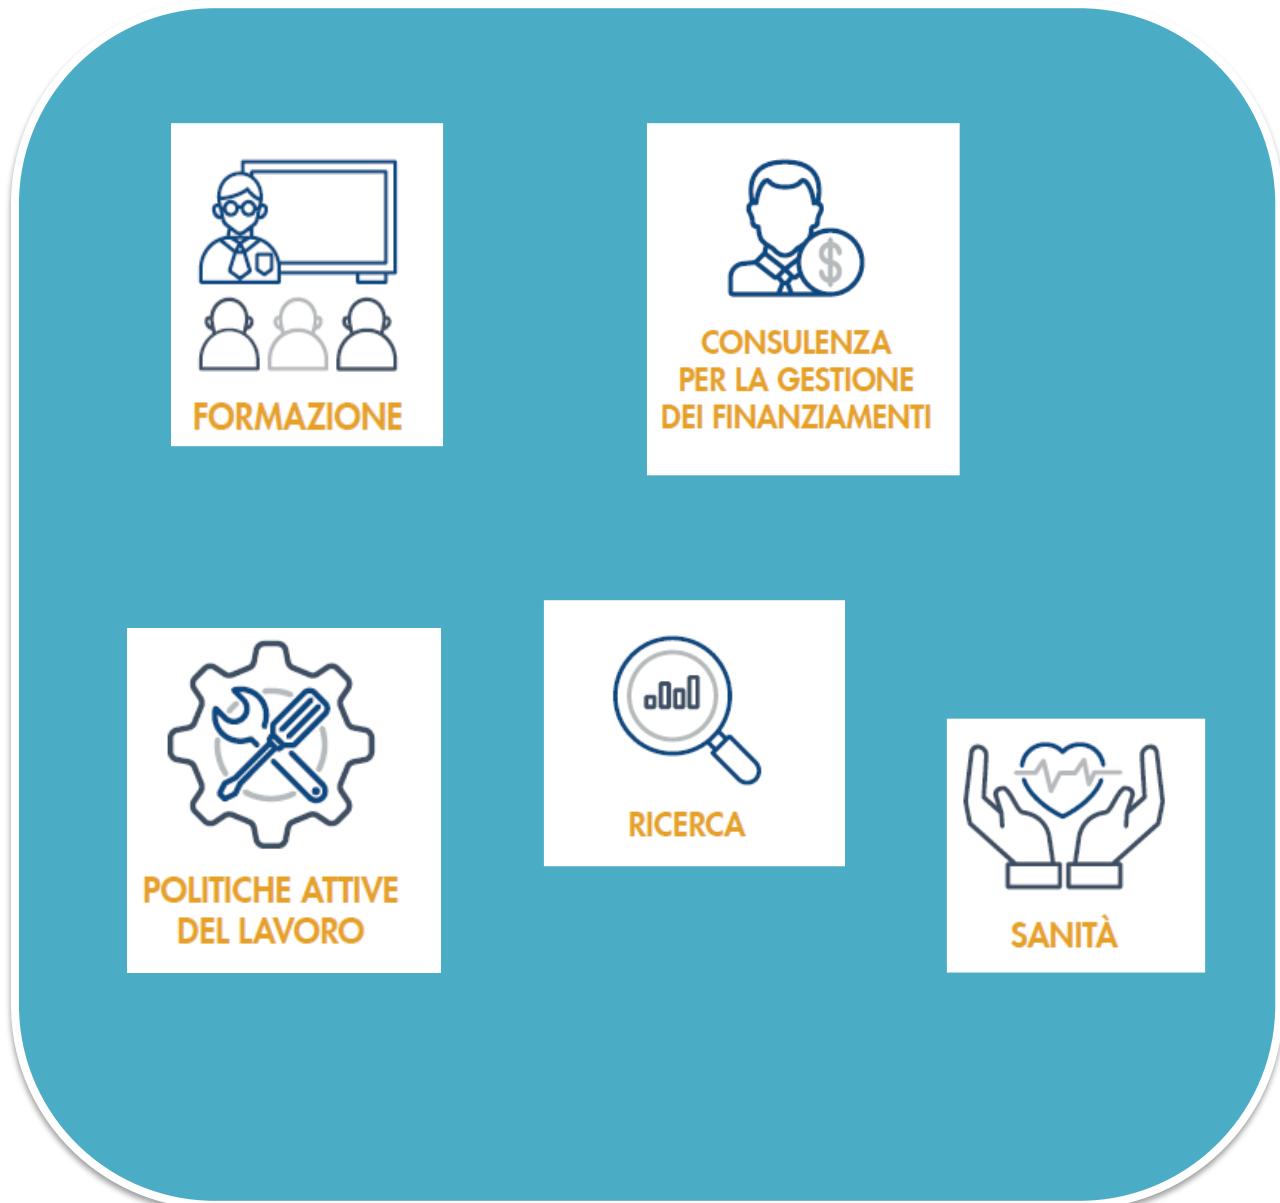

# ECOLE - Mission

Affianca le imprese nella scelta e nell'integrazione dei canali di finanziamento alla formazione più adatti al raggiungimento degli obiettivi aziendali, supportandole lungo tutto il ciclo della formazione, dalla definizione dei fabbisogni alla progettazione dei percorsi fino all'attestazione delle competenze acquisite nel quadro dei repertori regionali e nazionali.

Nel perseguitamento delle proprie finalità è **centrale la dimensione associativa**, che porta ECOLE a tenere sempre in considerazione le esigenze sia delle imprese destinatarie dei propri servizi sia delle associazioni di appartenenza.

# ECOLE – i servizi offerti

- 36 dipendenti su 5 sedi
- 1.000 aziende clienti
- 15.000 ore di formazione all'anno
- 700 progetti formativi all'anno
- 300 docenti e consulenti
- 4 milioni € fatturato
- 6 progetti di ricerca attivi nell'ambito della formazione

# I progetti europei (1)

# Una definizione di formazione

«La formazione è **attività educativa**.

Dunque il suo obiettivo è **il sapere**: la promozione, la diffusione, l'aggiornamento del sapere.

Nonché la promozione, la diffusione e  
aggiornamento dei **modi di utilizzo di tale sapere»**

(Quaglino, 1985)
