Registration is deemed as confirmed once you will have downloaded the registration receipt from the platform and received the payment confirmation email by the PagoPA system to your email address. Should your payment fail, your registration will not be deemed as confirmed.

After the date of expiry of the present notice, candidates who managed to register successfully will be sent an email with further information and useful instructions to sit the exam.

Candidates who did not pass the written part (consisting of the following sections: Reading Comprehension, Written Production/Interaction and Listening Comprehension), but passed the oral part, or vice versa, can capitalize on their partial result and resit the failed exam part within a year, paying 70% of the fee, by selecting the relevant option ("Partial amount": A2 CELI i: 49 euros; B1 CELI i cittadinanza: 63 euros).

If candidates are absent because of serious reasons, the payment issued may be kept valid for the next exam session, provided that the candidate submits a medical certificate as a justification.

Should that be the case, the candidate will be compelled to sit the exam at the next available session exclusively; they will not have to pay the registration fee again, but still they will have to submit their application within the deadline, by selecting the relevant option ("Free registration for justified absentees").

It is only possible to cancel the registration to *CELI* exams within the application term (15<sup>th</sup> January 2026 at 12 noon). After that deadline, the registration fee will not be refunded. For the refund to be issued, the candidate must be the holder or co-holder of the current account. Should this not be the case, the refund is not guaranteed.

Please note that the registration fee paid by external users of the University of Milan does not include the insurance premium share related to the accident insurance policy. Candidates who wish to activate this policy must do so independently.

All the data provided are processed for the relevant purposes connected to the call exclusively and for entering into and managing a potential cooperation with the University, according to the legislation in force.
